Democratic Presidential Race in 2020

WHEREAS, there is a significant rift within the Democratic Party;

WHEREAS, the rift is connected in part to perceived violations of fair treatment of candidates for President during the Primary election by the Democratic National Committee; and

WHEREAS, the rift would be exacerbated by additional runs for President by past candidates during the race in 2020;

THEREFORE BE IT RESOLVED, that the Jefferson County Democrats call on Martin Gilmore, Chair of the Jefferson County Democrats, to write a letter from the Jefferson County Democrats thanking Hillary Clinton for her efforts to find new candidates to run for public office and to ask her to continue this hunt by seeking a newer generation of presidential candidates that can potentially reempower the National Democratic Party as a Party of the People;
